Compliance With DHS 83.37

The Wisconsin Administrative Code requires CBRFs to provide psychotropic medication reviews and medication delegation to residents who are prescribed certain medications.

Psychotropic Medication Review
DHS 83.37: “When a psychotropic medication is prescribed for a resident, CBRFs are required to ensure that the resident is reasessed by a pharmacist, practitioner or registered nurse (RN) as needed, but at least quarterly for the desired responses and possible side effects of the medication.”

Medication Delegation
DHS 83.37: “Injectibles, nebulizers, stomal and enteral medication, and medications, treatments or preparations delivered vaginally or rectally shall be administered by a registered nurse or by a licensed practical nurse within the scope of their license.” Medication administration described may be delegated to non-licensed employees by a registered nurse (RN).

Clarity Care’s RNs can provide these services, and . . .
